Celestial Self Development Centre invites Saint Lucia Companies to celebrate the vital role that administrative professionals play in keeping things running smoothly and efficiently for their organisations.

The theme for this years' seminar is "Women and Leadership: Owning Your Strengths and Skills" This one day seminar will be filled with tips, techniques and tools they can use immediately, our exciting learning event offers a session on boosting their assertiveness for a more confident, more powerful image ... minimizing interruptions so they can maximize productivity ... dealing with prickly personalities with greater ease ... working more effectively with competing demands for their time — and that's just for starters.

"If you want to improve the organization, you have to improve yourself and the organization gets pulled up with you."
